Lee's photographs are characterized by their vibrant colors and bold compositions. She often uses saturated hues and high-contrast lighting to create a sense of drama and tension. In many of her images, the natural and built environments are juxtaposed against each other, creating a dialogue between the two. In one photograph, for example, a patchwork of

agricultural fields is set against a backdrop of towering skyscrapers. In another, a winding river meanders through a dense urban landscape.

Lee's work has been exhibited in galleries and museums around the world, and she is the recipient of numerous awards, including the prestigious Prix Pictet. Her photographs have been featured in publications such as *The New York Times*, *The Guardian*, and *Vogue*.

In *Aerial Concave Without Cloud*, Lee invites us to see the world from a new perspective. Her photographs challenge our preconceptions about the natural and built environments and reveal the hidden beauty that can be found in the everyday.

About the Artist

Sueyeun Juliette Lee is a Korean-American artist who lives and works in New York City. She received her MFA from the Yale School of Art and has exhibited her work extensively in the United States and abroad. Lee's work is held in the collections of the Museum of Modern Art, the Whitney Museum of American Art, and the San Francisco Museum of Modern Art.

Analysis of *Aerial Concave Without Cloud*

Lee's *Aerial Concave Without Cloud* series is a visually stunning and thought-provoking body of work. Her photographs explore the relationship between the natural and built environments, and they challenge our preconceptions about both.

One of the most striking things about Lee's photographs is their use of color. She often uses saturated hues and high-contrast lighting to create a sense of drama and tension. In many of her images, the natural and built

environments are juxtaposed against each other, creating a dialogue between the two. For example, in one photograph, a patchwork of agricultural fields is set against a backdrop of towering skyscrapers. In another, a winding river meanders through a dense urban landscape.

Lee's use of color and composition creates a sense of tension and unease. Her photographs are not merely beautiful; they are also thought-provoking. They invite us to question our own relationship to the natural and built environments and to consider the impact that we are having on the planet.

Another important aspect of Lee's work is her use of perspective. She often photographs her subjects from a bird's-eye perspective, which gives us a unique and unfamiliar view of the world. This perspective allows us to see the natural and built environments in a new light and to appreciate their intricate patterns and textures.

Lee's photographs are not simply documents of the world around her; they are also works of art. She uses her camera to create beautiful and thought-provoking images that explore the relationship between the natural and built environments. Her work is a reminder that the world is a complex and interconnected place, and that we are all part of a larger ecosystem.

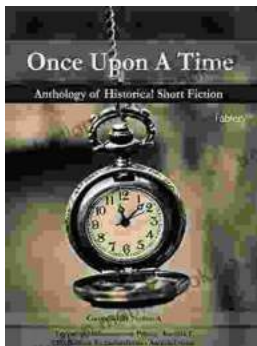

Sueyeun Juliette Lee's *Aerial Concave Without Cloud* is a captivating series of abstract aerial photographs that explore the relationship between the natural and built environments. Lee's photographs are characterized by their vibrant colors, bold compositions, and unique perspectives. They invite us to see the world from a new perspective and to consider the impact that we are having on the planet.
