History of the Marcus Savage Kings

The MSKC was founded in 1969 in the city of Charleston, South Carolina. The club was originally known as the Marcus Savage Motorcycle Club, and it was composed primarily of white, working-class men. In the early years, the MSKC was a relatively small club, and it was not involved in any major criminal activity. However, in the late 1970s, the club began to expand its

membership and its activities. The MSKC became involved in the drug trade, and it also began to engage in violent confrontations with rival motorcycle clubs.

In the 1980s, the MSKC became one of the most powerful motorcycle clubs in South Carolina. The club had a strong presence in Charleston, and it also had chapters in other cities across the state. The MSKC was involved in a variety of criminal activities, including drug trafficking, weapons violations, and extortion. The club was also known for its violent behavior, and it was involved in several deadly confrontations with rival motorcycle clubs.

Activities of the Marcus Savage Kings

The MSKC is involved in a variety of criminal activities, including:

- Drug trafficking
- Weapons violations
- Extortion
- Violent crimes

The club is also known for its strong sense of loyalty and its code of silence. Members of the MSKC are expected to be loyal to the club and to its members, and they are not to cooperate with law enforcement. The club's code of silence makes it difficult for law enforcement to investigate the MSKC's activities and to prosecute its members.

Impact of the Marcus Savage Kings

The MSKC has had a significant impact on South Carolina. The club's criminal activities have contributed to the state's high crime rate, and its violence has terrorized many communities. The MSKC has also been a major source of revenue for organized crime in South Carolina. The club's drug trafficking activities have helped to fund other criminal enterprises, and its extortion activities have victimized businesses and individuals throughout the state.

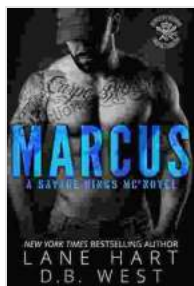

Law Enforcement Response to the Marcus Savage Kings

Law enforcement has been cracking down on the MSKC in recent years. In 2012, the South Carolina Law Enforcement Division (SLED) launched a major investigation into the club's activities. The investigation led to the arrest of several MSKC members, and it also resulted in the seizure of drugs, weapons, and other illegal items. In 2013, the MSKC was designated as a criminal street gang by the South Carolina Gang Task Force. This designation gives law enforcement additional tools to investigate and prosecute the club's members.

Despite the efforts of law enforcement, the MSKC remains active in South Carolina. The club continues to be involved in criminal activities, and it continues to terrorize many communities. Law enforcement is continuing to crack down on the MSKC, but it is clear that the club will continue to be a major problem for South Carolina for years to come.
